## COUNCIL MEMBERS WANT TO BE BETTER INFORMED

### New Brockton's police topic of discussion

by Marvin McLwain  
Editor

What appeared to be, according to the printed agenda, a routine housekeeping meeting of the New Brockton Town Council did not turn out that way.

In Monday evening's meeting, the police department became the main topic of an almost hour-long discussion.

The discussion began when Mayor Kathryn Holley requested that police officer Harry Laird be sent to a firearms instructor's school.

The request was that the town pay the \$50 tuition and furnish Laird's ammunition while he paid the remaining expenses.

Councilman Charles Cole asked the question as to whether or not the matter of Laird's status with the police department had been determined from the last meeting (March 7).

Officer Laird had requested a leave from the department from Feb. 13 until the end of May. The minutes of the March 7 meeting reflected that no official action was taken in regards to the matter.

It was and is Mayor Holley's opinion that it falls within her authority to approve all employees' leave which she did in Laird's case.

Councilman Jack Caradine asked how Laird could be on leave and still remain on the schedule (duty roster). Mayor Holley's response was that he is still working part-time.

Holley contends that Laird's leave was granted by her after a meeting with Police Chief Charles Driggers and Laird. She told council members that, at that time, Chief Driggers had no problem with Laird taking a leave of absence.

All members of the council agreed that it was and still is unclear as to exactly what Laird's status with the New Brockton Police Department is at the present time.

Councilman Cole and other members of the council feel that they should be in on the approval process of all extended leaves granted to the town's employees.

Holley informed the council Monday night that Laird would once again be a full-time employee with the police department on April 6th (yesterday).

The council did not approve the mayor's request to send Laird to the firearms instructor's school.

In addition to that move, the council further voted to keep Laird on part-time status.

The matter of the mayor making out the schedule (duty roster) for the police once again surfaced and the council directed the mayor, by a unanimous vote, to turn that responsibility back over to Chief Driggers.

On a positive note, Councilman Cole read a letter commending Police Chief Driggers and Officer Jerry Gilbert for a job well done.

The letter read as follows: "On May 17, 1994, six (6) sticks of dishing dynamite were found in our office, I wish to TRY to express my sincere thanks for the care and encouragement I received from the New Brockton Police Force, Police Chief Charles Driggers was off duty and came immediately to help. He and Lt. Jerry Gilbert were on the telephone constantly trying, even almost begging for help, to get some information on how to dispose of the dynamite. These two gentlemen deserve all the respect and appreciation of all the city elected board. They certainly have mine! New Brockton is fortunate to have men of this caliber in our

POLITICAL SEASON IS UPON US Elba motorists will continue to see sights such as this as they drive around Elba for the next two months. There are nine stakes holding political signs along this short stretch of Claxton Avenue. It is election year in Alabama and the candidates are active with placing their signs anywhere they think a person passing in a car might see their name. This sight is played out along countless other roadways in Coffee County and in fact throughout Alabama.

### Mickey Murdock resigns from Elba's W & E Board

by Ferrin Cox  
Publisher

Mickey Murdock, Chairman of the Elba Water and Electric Board for the past several years submitted his resignation last week. It is effective Friday, April 8th.

Murdock had been serving past his regular term on the board, which expired last fall. In his letter of resignation to the city council and utility board members, Murdock acknowledged he had temporarily extended his stay on the board at the

request of several council members. Murdock says, "The Board's finances and operations are sound and stable." He wrote that he now felt this was a good time for him to leave.

Murdock wrote, "Of course, I will work with you and/or my replacement for a period of time to insure a smooth transfer of duties if needed."

Mayor Ricky Haywood said Mr. Murdock was an asset to the utility board and would be a hard man to replace.

### Elba joins area towns in relief effort for Piedmont

by Ferrin Cox  
Publisher

The City of Elba has joined with five neighboring towns in collecting donations for the victims of the deadly tornado that struck the Piedmont, Alabama area Sunday, March 29th.

Each community is assembling items and will transport them to Elba on Thursday of this week.

A Dorsey trailer has been furnished by Dorsey Trailers and will be parked at the back of the Elba City Hall.

Items from all communities will be placed in this trailer and at 10

a.m. Friday, April 8th, they will leave for Piedmont.

Kleinert's has agreed to furnish a tractor and driver to pull the trailer to Piedmont.

Items needed include Diapers; canned goods; can openers; non-perishable items; cleaning supplies including brooms, rakes and garbage bags; tools - including hole diggers and shovels; pillows and sheets; fence posts and barbed wire, according to Reverend Jerry Warren of Piedmont.

Cities participating, according to Elba Mayor Ricky Haywood include Enterprise, Opp, Daleville, Kinston and Geneva.

## HAPPENINGS

**WORK DAY PLANNED.** The Elba Nursing Home is planning an old fashioned "Work Day" around the building exterior on Saturday, April 9th. The hours will be 8 a.m. until 12 noon. Refreshments will be served. The public's participation of ideas, work tasks, plant or monetary donation is welcomed. Contact Jeani Bolland, Social Services Department at 897-2257, Ext. 298. In case of inclement weather, the event will be postponed and rescheduled.

**BAND DAY 1994.** The Elba Band Boosters have announced the date for Band Day 1994 - Saturday, April 9, 1994. The event will be held on the Courthouse Square with the day's activities beginning at 9:00 a.m. and lasting until 3:00 p.m. There will be arts & crafts on sale, plenty of food to eat, carnival games, bingo games, a dunking booth and an auction. Entertainment will be provided by local talent, Elba's band and many local high school bands.

**SPRING CLEANUP.** The Coffee County Chapter of Alabama PALS (People Against A Littered State) has designated April 9 thru April 16, 1994 as Spring Cleanup Week. Trash bags, etc., will be available on a limited basis at the Elba Chamber of Commerce's office and County Commission's office in New Brockton. To ensure that all filled bags are picked up, call the Coffee County Sheriff's office at 894-5535 and give the location of the bags. Elba Work Release will also provide inmates to work as a community service at no charge during the clean-up period. Call 897-5738 for this service. For any other information, call 897-5371.

**FINNEY WOODS ARTS FESTIVAL.** The Coffee County Arts Alliance will sponsor the annual Finney Woods Arts Festival on Saturday & Sunday, April 16 & 17. The event will be held at Enterprise State Junior College.

**AUCTION FUNDRAISER.** The Elba Squadron of the Civil Air Patrol will hold an auction on Saturday, April 16. The auction will be held at the Squadron's headquarters located at the Elba Municipal Airport. Items available will be: antiques, glassware, tools, furniture, china, cookware, collectibles as well as new & used merchandise. For more info, call CAP Office @ 897-3571, Mike McGuire @ 897-2229, or Ronnie Shiver @ 735-3456.

### Coffee Democrats comply with fed's court order

by Ferrin Cox  
Publisher

Jackson W. Stokes, Chairman of the Coffee County Democratic Committee said this week that the county committee has re-appointed to comply with a federal court order which effects all county committees and the state committee. The lawsuit had been filed in April 1990.

He said in Coffee County the Democratic Committee districts now conform exactly to the county commission districts. There are seven women and seven men on the committee from each district.

Stokes explained that even though this has been done, it has not yet received official justice department approval. The paperwork has been submitted by Stokes to the federal authorities but they have yet to respond.

### Elba man barricades himself in a house armed with a shotgun

On Saturday, April 2, at approximately 4:25 p.m., the Elba Police Department received a report that an individual was barricaded inside a Brunson Street residence.

Police were told that the subject, a man, was armed with a shotgun. Further reports indicated that he was threatening to kill himself and anyone that came close to the house.

Elba Police officers arrived on the scene and a perimeter, "safe zone," was established around the residence. Several homes in the area were evacuated for safety reasons. Officers were able to establish that no other persons were inside the house.

Numerous attempts were made by police officers on the scene to establish contact with the man in the house by way of telephone and also using the public address system on the patrol cars. They were unsuccessful.

However, at some point during the incident, the individual inside the house made contact, by telephone, with a substance abuse facility in Dothan.

Police officers at the residence were constantly updated on the situation inside the house by the police radio dispatcher at the station.

Substance abuse counselors, who were speaking with the man inside the residence were, at the same time, communicating with the Elba Police Department.

After about an hour of negotiations, the man came out the front door of the residence where he was taken into custody by police officers. The man came out unarmed and was taken without incident.

At this time, the person's name is being withheld until the investigation into the matter is completed. No charges have been filed.

Band Day '94, is scheduled for Saturday, April 9, 1994. The fun will start at 9:00 and continue until 3:00. Elba Band Boosters promise they have an exciting day planned.

Visitors can play bingo under the green and white tent. Elba merchants have donated some "super" prizes and Lucia Grantham will be calling numbers and waiting for someone to yell "BINGO!"

Many craftsmen will be displaying their handiwork. There should be a variety of unique crafts from which to choose.

Carnival games will be held on one side of the square. Face painting, bean bag toss, pick up ducks and ring toss are just a few of the choices. Carol Laney will be giving out some great prizes.

Cindy Lawford will be managing the cake walk and cake sale. Cake walks are popular and some delicious cakes will also be available for sale.

The dunking booth should prove to be a very interesting event. Some favorite people, including policemen and teachers, have agreed to take a turn in the booth.

Bail or jail is always a popular event and this year should be no exception. Van and Janice McCall plan to "jail" quite a few people. Other citizens will be getting phone calls with pleas to donate to the "jail-birds" bail.

There will be entertainment throughout the day. Area bands will be performing along with various other groups of talented people.

Plenty of good food will be available Saturday. The band boosters will be grilling and serving food all day.

An auction will be held at 3:00 under the green and white tent. Many unusual and useful items have been donated for the auction.

Citizens can show support for the

band program and have a good time doing it Saturday on the square. For those who can't attend Saturday and Elba High School, 103 Tiger Drive, would like to make a donation, they

can call Faye Farris at 897-6461 or mail it to: Elba Band Boosters, c/o Elba High School, 103 Tiger Drive, Elba, AL 36323

## PALS Statewide Spring Cleanup Week

On April 9-16, 1994, Alabama PALS (People Against A Littered State/Keep America Beautiful) will sponsor the Fifth Annual "Don't Drop It On Alabama" Statewide Spring Cleanup.

This annual event has grown from a total of 5 tons of trash collected in 1990 to more than 800 tons collected in 1993.

The "Don't Drop It On Alabama" Spring Cleanup is one of the largest and most successful one-day cleanup events in the country.

The success is largely due to many thousands of volunteers, businesses, state agencies, and local groups that provide active support for this event.

Treva Driscoll, executive director of Elba's Chamber of Commerce, serves as county chairperson for PALS.

She said Elba schools, civic organizations and businesses have been asked to pitch in on Saturday. Groups of elderly persons have donated money that will be used in a beautification project at the local schools.

Driscoll stated that one only has to drive around in the county to see that we do indeed have a litter problem.

The PALS organization is asking everyone to pick up in front of and on their property and to also assist in this edition of *The Elba Clipper*. Also noted are phone numbers one can call for more information.

Paperwork used in reporting how much trash was collected during the cleanup campaign can be picked up

## BRAINSTORMS

With Ferrin Cox

Montgomery Circuit Judge Gene Reese had state officials in court on Monday. He wanted answers about their progress on the sweeping overhaul of the Alabama education system. Originally he had ordered the plan be in place by September 30, 1994. He now wants ongoing progress reports and has indicated he will step in with his own remedies if the legislature fails to do so. It is gonna be interesting to see just who takes the biggest stick in this matter... the state legislature or a lone Alabama circuit judge in Montgomery County.

Vice President Al Gore was in Alabama last week and is promoting improved weather warning systems, hopefully to prevent the tragic deaths such as happened during the tornadoes of March 27. This sounds great. However we echo the question we heard on the Alabama education TV network last week, "Where would these North Alabama people in the Goshen Methodist Church have gone if that warning was issued right here, system." In fact to be more pointed - if that warning was issued right here, would Elba folks go? Normally we think our brick church buildings are safe. Yet in this situation, these people were either thrown around with their mobile homes and frame houses or were killed by the heavy brick walls of the church. We ask again, "Where would they go?" We don't think more bells and whistles are the solution to this problem, yet we don't have a better suggestion.

During political season there is a certain group (or class) of people who consider it funny (or their right) to destroy the signs of various candidates. There has probably not been an election in years without these nuis. It is against the law in Alabama to destroy such signs and there have been prosecutions in the past. Currently in Coffee County there is a small group making a game of destroying a particular candidate's signs. Of course such activities can't really be enjoyed without bragging about it and that is usually their undoing. Reports are coming in of people seeing this activity taking place. Add these sightings to alcohol supported tongues and a couple of people could very well sit out the June 7th election in the Coffee County jail. If that happens, we will clap our hands and smile.

U. S. Senator Richard Shelby underwent prostate cancer surgery on Tuesday of this week. The doctors report the surgery went well, he is in excellent health and they expect a full recovery, and without any additional treatment. That is always good news, about our leaders or our neighbors. The next best thing is the up front release of the information by Shelby's office. So many times people in the public eye, and their close aides, tell lies about having a "bad cold" or something, thinking somehow the public shouldn't know and will never know. Such efforts only serve to discredit anything else a public figure says or does. There should be no more embarrassment over having surgery for cancer then taking medicine for that bad cold. None of us like it, but both colds and cancer happen. We send our U. S. Senator our best wishes and sincerely pray that the doctors are correct and Shelby does "recover fully within weeks."

The Alabama Highway Department has let the contract and resurfacing should start soon on several state roads in and around Elba. They truly need the work, as do many city streets. We ain't even gonna speculate about when any such paving work can be done on these city streets. There are some municipal tax revenues which can only be used on the streets. However the courts (or someone) have ruled that street department salaries and equipment expense are considered legal expenditures of these funds. This use cuts deeply into any chances of getting bumping, crumbling city streets paved.

We like the planning which went into the additional one cent sales tax passed recently in Andalusia. They presented the public with a ten year plan, in writing, of what they planned to do with the additional money each year. The report even named which streets would be paved in which fiscal year. In Elba we have a plan also... of a sort. We are gonna give half to the schools and the rest... well, we gonna pay bills.

## GUEST EDITORIAL

### Coffee County Arts Alliance beginnings told

by Nancy Brunson

When Jewel Ellen Smith called me and invited me to attend a planning meeting for an Arts Alliance in Coffee County I was younger and more innocent than I am now so I readily agreed to go. Had I known what lay ahead, I might have been more cautious.

Those of us who were a part of the original committee share an appreciation for the CCAA which others could not possibly have.

We came together with an idea. It was a good idea which took its roots in the good people of Coffee County. Those early years were a difficult learning experience for all of us. We were desperate for money and the first Board of Directors decided that we needed to have an Arts and Crafts Festival to make some money. I missed one board meeting that year—that meeting I was appointed chairman of the

festival.

I had never even been to a crafts show and only a few art shows at the time. But with the help of all the other board members, especially Lamar Rainey and Ruth Ann Bond, we actually put the festival together and made a little money to keep our group together. It was my pleasure to serve as chairman for several years.

After Jewel Smith's term as president ended, I was elected to serve in her place. She was so efficient at the job I was hesitant but still willing to try. There were many sleepless nights wondering where the money to pay the bills would come from—but it always came from somewhere. One of our major accomplishments that year was that we were able to rent a post office box, and pay the rent.

In the spring of 1980, after I had rotated off the CCAA Board, I got a phone call asking if Marion and I would host the

annual Patrons Dinner at our home in Elba, in October.

In April, October is forever away, so I said yes—no big deal here. But when October got there and the actual event was at hand, things were a bit different than I had expected.

Marion had to go out of town on a school trip, out boys were busy in school, I was at work every day and on the actual day of the dinner, I was in class until 4:30. I tried not to worry, telling myself that I entertained 50 or so people often enough that it should be no problem. That night, Marion and I counted 125 people, I'm not sure how many were actually there.

Again, everything worked out and it was a memorable event. It has been an enriching part of my life to be a part of the CCAA from the beginning. I am grateful to have had the experience.

In the 20 years since its beginning, the Arts Alliance has shown substantial growth both in its series and at Piney Woods Arts Festival and Quilt Show. This year on April 16 and 17 on the campus of ESIC, the 20th Annual Piney Woods Arts Festival and Quilt Show will be held. About 70 to 75 artists and craftspeople are expected to exhibit and sell.

The CCAA is always a popular sport during the festival. Fire truck rides will be offered each day from 1:30-3:30 p.m., also Face Painting and Thumb Print Art will be offered along with fingerprinting done by the Enterprise Police Department. A free lance artist will be located near the fun center to do sketches of children. Girl Scout Troop #300 will be in charge of the Thumb Print Art. Entertainment will be by various local groups as well as by Circle City Barber Shop Chorus from Dothan and Riverboat singer. He will perform each day at 12:30. Admission to the festival is free. There will be plenty of food from vendors. Come out and join the fun!

town. Thank you two gentlemen," the letter was signed by Nell Maddox.

In Monday's meeting, the council approved appointments to the New Brockton Water & Sewer Board and set the length of appointees' terms.

Appointments were as follows: Billy Indol - term expires in February of 2000; R. P. Flowers - term expires in February of 1998; Kathryn Holley - term expires February 1996; Robert Miles - term expires June 1997; Clinton Marler - term expires June 1995.

It was noted that the term of office of those elected officials serving on the board would expire should they not be elected to their present position on the council.

The council also voted to ask the Water & Sewer Board to pay a portion of the town's liability insurance premium.

Mayor Holley informed the council that she had met with members of the Coffee County Commission concerning Tyler St. (old Co. Rd. 55).

Upon the recommendation of Holley, the council voted to work with the county in strip-patching the road as a temporary measure while requesting funding from the state in FY-95 to repair and resurface the road.

The patch work will cost between \$2500 & \$3500. The town's share of the repair & resurfacing will be approximately \$17,000.

Holley hopes to secure emergency funds from the state for the

town's share of the resurfacing work in FY-95.

Other matters of business addressed by the council were as follows:

\*\*\*Approved payment of bills totaling \$6,941.05.

\*\*\*Mayor Holley was given the authority to vote on the town's behalf on matters coming before the League of Municipalities at the annual convention.

\*\*\*Voted to request that ESMAAC examine the problem of a leaking roof at city hall before authorizing repairs. The council felt that this was possibly a warranty (materials) problem.

## WE GET LETTERS.....

Dear Ferrin:

I'm enjoying reading *The Clipper*. It brings back a lot of memories of the years Jean Brock Lewis and I were going together. I'm especially enjoying Jake Bonneau's article each week. Keep the press rolling on *The Clipper* and give all our friends my very best.

Thanks,  
 G. Marvin Lewis  
 Dothan, AL

Dear Ferrin:

I would like to express my appreciation to you and the other staff of *The Elba Clipper* for the excellent support and cooperation that you have given me and the Extension Service for the past many years. You have always demonstrated an excellent attitude toward community service. Your words concerning my retirement were very humbling and gratifying.

I cherish my years of association with *The Elba Clipper* and wish you continued success.

Sincerely,  
 Dan J. Presley  
 County Agent-Coordinator

Dear Editor:

How many of us would like to be able to write or repeal laws in Alabama and have the State Legislature or public vote on our proposals? Incredible as it might sound, Alabamians will be able to do that under "Initiative and Referendum Amendment" bills which have been reported favorably out of both the House and Senate. "Constitution and Elections Committee."

All it takes now is for Senator Ryan deGraffenried, President of the Senate, and Speaker Jimmy Clark of the Alabama House of Representatives to put Senate Bill 55 by Sen. Steve Windham (Mobile) and House Bill 339 (by Rep. Mike Hill of Shelby County) on the Special Orders Calendar so the legislature can

vote on them before the regular session ends.

Would We Stand America (and several other good government organizations and people) strongly believe that Alabama citizens should have the right to introduce and repeal legislation. People in at least 28 other states have similar initiative and referendum powers which are currently denied in our state.

Most legislators favor this legislation if committee votes are any indication. Let me urge everyone to call or write their senator or representative asking them to make sure the "Initiative and Referendum" legislation gets voted on and approved this session.

While there are many critical issues the public could put on the ballot if not approved by the legislature, one example of an issue that the public would like considered is term limits for most government offices. Under present law, it is doubtful that term limits would ever be passed. The legislation, as currently drafted, required 66% of the voters in the state to sign a petition for general laws (8% for constitutional amendments). There are built in reviews are safeguards to insure that no one group can dominate and that critical areas of government are not adversely impacted.

By copy of this letter, I am asking that the news media educate the public on the provisions of this very important legislation. This is an opportunity to get the people more involved with government, now!

I'd also like to commend United We Stand America for the research done by Rex Wagner which resulted in the drafting of this legislation and Senator Windham and Representative Hill for introducing it and getting it approved in committee.

Let's hope the legislature, with public encouragement, passes a bill to give people a bigger voice in government.

Sincerely,  
 A. J. Benintende, Jr.

## Jobs

by Jan Murray

Welfare reform. Everyone seems to want it. It is, perhaps, needed for a host of society-based problems that come under the welfare umbrella? I certainly do not know the answers, though I have a few suggestions.

I truly believe there are no easy quick-fix antidotes to the so-called welfare crisis, but there are a few programs in action that are working.

The Job Opportunities and Basic Skills program (JOBS) is one of them. As the coordinator and sole case manager for the program in Coffee County, I get to see the failures and the successes of the program, all the struggles that my 145-plus participants endure to reach their goals. I also have the privilege of having insomnia from time to time while trying to figure out a way to help troubled clients. It is all worth it. The program is a great step toward leading welfare dependents to independence.

JOBS was established through the passage of the Family Support Act of 1988—a federal law. The program targets specific welfare recipients (parents) under the age of 24 without a high school diploma or GED or with little or no work experience; recipients who have received welfare for at least 36 out of the last 60 months; and those who are within two years of losing their benefits due to the youngest child nearing 18 years of age.

## Folsom Property Tax Increases:

Coffee County 40%  
Elba 10%  
Enterprise 7%

According to the Legislative Fiscal Office, Jim Folsom's tax plan to finance his approach to education reform would mean a big increase in property taxes for the taxpayers of Coffee County. That tax increase would be the first step in a funding plan that will ultimately cost the taxpayers of Alabama \$1 billion a year!

### Folsom Wants To Cut State Funding For Coffee County Schools By \$300,000!

The Legislative Fiscal Office also says that Folsom's plan for distributing state education funds would mean a cut in state funding for Coffee County schools of \$300,000 next year alone.

That's right, Jim Folsom will increase your taxes so he can send funds that would now go to Coffee County's schools to other counties.

### What Do You Get For Your Money?

Jim Folsom has created an experimental "reform" plan that would increase government bureaucracy, engage in social engineering, and would ignore the essential elements necessary to real education reform.

Ultimately, your taxes would go up to help finance a huge bond issue which will probably be handled by a close personal friend of the Governor who would receive large commissions on this bond issue.

Send a message to your legislators. Tell them Coffee County is against new taxes and against the Folsom reform plan.

It's time education got back to basics and government got back to living within its means rather breaking the backs of working families with ever increasing taxes.

## Round & About

With Eria-897-2006

Selected scripture: Luke 24:1-12.

Thinking of you, praying for you, Mrs. Virginia McGowan, Mrs. Annie J. Torry, Mrs. Ruby Johnson, the Marshall family, Mrs. Marietta Carpenter, Mrs. Pearlie Tillis, Mrs. Inez Middleton, Mrs. Frank Phillips, Sr., Mrs. Paul Jones, Mrs. Josephine Hart, the Shell family.

A mentor is a volunteer. There are no financial strings to JOBS or the participants. A mentor is someone to look up to, trust, talk to, help build confidence, guide and care. Our clients need someone to believe in them. They desperately need to learn to believe and to rely on themselves. So many of them have no one in their lives that fits the description of a mentor. In short, they don't have the nurturing family or friend support network that most of us have and take for granted. Can you help?

We not only need individual mentors, we also need business, civic group, church or Sunday school sponsorship for the initial meeting for mentors and their matches as well as the quarterly "get-together" sessions we hope to have. Refreshments will be needed. Some groups may want to become more directly involved by providing for the individual needs of the participants.

We need mentors in Elba, New Brockton, and Enterprise. If you are interested and want more information about the mentor program or want to apply to be a mentor, please call the JOBS office at the Coffee County Department of Human Resources, 347-5865 or write JOBS, c/o Coffee County DHR, P. O. Box 1655, Enterprise, AL 36331. Applications need to be submitted by April 10.

Let me end this column with a few words from one of our Elba participants, who, six months ago, had no idea where her life was going. "The JOBS program was a very rewarding and uplifting experience for me. I can honestly say that I do not believe I would have passed the GED exam without having taken the (JOBS) course first. Now, having received my GED certificate, feelings of self-respect and accomplishment are overwhelming within me. I have fulfilled one dream in my life in which no one can ever take away from me...the sky is the limit." This client is now enrolled in nursing school.

## Easter every day

Last Sunday was a wonderful day, churches were filled, people were unusually joyous, there was a Savior, and our Lord.

As we reflect on days like that we us from His love and His presence. If we can capture the reality of that day, we can have the reality of His resurrection, and experience the presence of the living Lord in our own hearts, then every day will be made to His disciples was, "I am with you always, even unto the end of the world."

Easter should be a continuing experience in our lives. Every day should be lived with a sense of the living Christ, ever present and everywhere.

The empty tomb was proof that the presence of Christ could not be destroyed by death. Through the resurrection, His spirit was lost to us in our world so that He could be everywhere at all times to meet the needs of His disciples.

This gives us the assurance that wherever we are, we are not far from God.

Jesus did not just say, "I am with you," but rather "I am with you, always." This is a reminder to us that He is always with us, and our Lord.

The Easter Bunny was scheduled to make his annual visit to the Mularz house last weekend, but since we have two dogs and one cat, I wasn't real sure if the bunny was fast enough to get in an out of the house without getting caught. Melanie wanted to look the cat in the bathroom for safe keeping; however, Melissa assured her little sister that everything would be okay and even let Melanie sleep with her on Saturday night. Well, the bunny apparently didn't have any problems as he came and left without making a sound and left Easter baskets, a few toys, some stuffed rabbits and loads and loads of candy. The girls didn't seem all that excited about the candy, but did spend most of Sunday afternoon hiding and finding Easter eggs, with Melanie hiding one in the exhaust pipe of the car (which Daddy found). The excitement didn't last that long, but it was fun to watch the girls playing together instead of fussing and fighting!

## ELBA TIGERS SPLIT OPENING GAMES TO STAND AT 2-2

The Elba Tigers opened the baseball season last week with double-headers against 6A power Enterprise and 2A foe Goshen. The Wildcats carried a 7-4 record into the win ball and were expected to give the Tigers a hard time, but Goshen was 1-0 coming into the double-header and seemed like two sure wins. Not!

Elba outplayed Enterprise in both games, but made some opening game mistakes and dropped the opener 6-5, before bouncing back to win the nightcap 8-4. The Tigers got excellent pitching from Keith Grantham, Chris Hudson and Cory Driggers in the games, as the two combined to allow only six hits in 14 innings, while striking out 18 batters. The defense was a little shaky, making 13 errors in the games, but it really wasn't all that bad an opening day. The Tiger hitters struggled in the loss as they managed only four hits, only to come to life in the win and pound out 14 hits against what was billed as a dominating Enterprise staff.

Tiger pitchers Chris Hudson, Michael Grantham and Che Vaughan got the call against Goshen and came through as they combined to allow only seven hits in 14 innings of work. The trio did surrender 14 walks in the two games; however, the infield turned four double-plays to turn back repeated threats, and the Tigers could have easily won both games. The Tigers' downfall against Goshen was at the plate, where the Tiger batters got only 8 hits in the double-header and only managed to get 12 balls out of the infield. Hitting usually suffers a little early in the season as the pitchers are ahead of the batters, but Elba has had plenty of practice and can make no excuses for the lackluster hitting against Goshen. It was a matter of concentration, and for the Tigers, it wasn't there.

The season is now underway and Elba has shown some bright spots in posting a 2-2 record. The pitching staff has been impressive in all four games and should only get better as the season progresses, while the infield began to come around against Goshen and turned four double-plays in the twin bill. Keith Grantham has been swinging a hot bat and is hitting .571 (8-14), while Chris Hudson is hitting at a .333 clip, despite going 0 for 6 against Goshen. Elba is also challenging its opponents as it has swiped 13 bases in the four games. A 2-2 start isn't anything to get excited about, but in Elba's case it is certainly nothing to be too concerned about. The Tigers are getting in valuable experience before the Area 4 race opens and you can bet the Tigers will be ready when many of their early season opponents have long since hung up their cleats.

## ONCE OVER LIGHTLY ...

\*\*\*Many of the Auburn fans were more than a little upset Saturday when the word broke that the Tigers were still looking for a basketball coach. Auburn thought it had its man when the Duke assistant agreed on a salary; however, a late change of heart left the door wide-open. Auburn fans need to remember that Terry Bowden was the fourth or fifth choice for the football job, and he did okay! So, keep the faith when the Tigers do get their man I'm sure they'll do well and get someone that will give 110 percent to the task of rebuilding the program.

\*\*\*The new Major League baseball season is underway and I don't know if I can keep up with what is happening in six divisions or not. The change to three divisions in both leagues will bring a wild-card team into the playoffs, which bothers baseball purists, but has proven successful in other sports. The toughest division in the American League will be the East, with Baltimore, Boston, Detroit, New York and Toronto all battling hard, while over in the National League the East is also loaded, with Atlanta, Montreal, New York, Philadelphia and Florida fighting for the title. You never know what will happen, but it looks like the East could have two teams meeting in the league series in both leagues.

\*\*\*It's still hard to believe that Jerry Jones let his ego allow Jimmy Johnson to leave the Dallas Cowboys, and in all probability, put an end to the Dallas Dynasty. Jones wasn't satisfied just being the owner of the NFL's best team, and even stated that he could coach the team and win the Super Bowl with the talent to pick from in Dallas. It's a shame he didn't take himself up on the offer, because he might have found out just how important he really was to the actual team, and its games. Oh well, with Barry Switzer around you can bet things will never be boring.

\*\*\*I have always declared that the people that make the rules never played the game, and such has to be the case again this season in Dixie Baseball, where league officials have outlawed players sliding head first into a base. Baserunners can still dive back head first to the bases they occupy, but they can't slide head first into any base on a steal attempt. I guess the days of future Pete Ross are over, at least in Dixie baseball.

Split with Enterprise and Goshen  
Tigers stand at 2-2 after opening week

The Elba Tigers opened their baseball season last week and posted a 2-2 record after splitting double-headers with Enterprise and Goshen. Elba opened the season in Enterprise and split with the 6A Wildcats, losing the opener 6-5 and winning the nightcap 8-4, then split with the 2A Goshen Eagles as they won the first game 6-4, but dropped the second game 1-0.

Following are highlights of last week's baseball action:

A leadoff walk to Che Vaughan started the Tiger rally, stole second and then went to third when Chris Hudson reached on an error. Vaughan trotted home, a balk and Hudson moved to second with no outs, but it was all the damage the Tigers could do as they settled for one run.

Enterprise took advantage of three walks and three errors to increase its lead to 4-1 in the third, only to once again see the Tigers stage a rally as they plated two runs in the top of the fourth to pull within 4-3.

A walk to Josh Caldwell to open the inning got the Tigers going, while Chris Hudson and an error by a Wildcat outfielder put runners on second and third with only one out. Todd Grantham delivered a two-run single to drive in both Caldwell and Hudson, and later moved to word base with one out on an error and a passed ball, but was

stranded as the Tigers fell one run short of pulling even.

Perry Stinson and Cory Driggers drew walks to open the top of the fifth inning, and Stinson scored to tie the score at 4-4 on an RBI single by Keith Grantham. Caldwell and Vaughan followed with walks, forcing in Driggers with the go-ahead run, as Elba moved on top 5-4. Elba had a chance to blow the game open as they had the bases loaded with only one out; however, the Tigers failed to come up with the key hit and had to settle for two runs and a 5-4 lead.

Enterprise got only one hit in the bottom of the fifth, but again took advantage of Elba errors to plate two runs and regained the lead at 6-5.

Elba had a chance to pull even in the seventh inning as it put a runner on second with one out, but that was as far as the Tiger baserunner could grab a 3-1 advantage; however, Elba answered the challenge and plated four runs in the bottom of the third to regain the lead at 5-3.

A one-out walk to Perry Stinson started the Elba uprising, while key hits in the inning included a single by Cory Driggers and a double by Keith Grantham.

The Tigers got only one hit in the fourth inning as Jason Holley singled with one out, but Elba took advantage of two walks and two errors to push two runs across the plate as it extended its lead to 7-3.

Goshen cut the lead to 7-4 in the fifth, but the Tigers matched the run as Che Vaughan strung on a walk and circled the bases on a combination of errors and passed balls, as Elba posted the 8-4 win.

Keith Grantham got 2 hits and collected 3 RBIs to lead Elba at the plate, while Michael Grantham got the win in relief as he pitched five innings, allowing only two hits and striking out four.

Elba's bats showed signs of life again in the fifth inning as the Tigers scored four hits and scored three runs to move on top 4-3.

A leadoff single by Charles Bozeman ignited the Elba rally, while a single by Josh Caldwell put runners on first and third with one out. Chris Tyson followed with a two-run double and later scored on a single by Keith Grantham as Elba moved out to a 4-1 advantage over the Wildcats.

The Tigers added two runs in the sixth to go ahead 6-1 as Chris Hudson, Charles Bozeman, Josh Caldwell and Chris Tyson all rapped off base hits, but Enterprise refused to go quietly and cut the lead to 6-3 in the bottom of the frame on a two-run home-run by Hussey.

Keith Grantham tripled to open the seventh inning for Elba, and when Josh Caldwell walked and scored, the Tigers were back in the lead with runners on second and third with no outs.

Both baserunners later scored on an RBI single by Chris Hudson and Charles Bozeman as Elba strided to lead 8-3, and the Tigers easily held on to post the 8-4 win.

Keith Grantham, Michael Grantham and Eddie Cowen got Elba's only hits in the loss.

A leadoff single by Charles Bozeman ignited the Elba rally, while a single by Josh Caldwell put runners on first and third with one out. Chris Tyson followed with a two-run double and later scored on a single by Keith Grantham as Elba moved out to a 4-1 advantage over the Wildcats.

The Tigers added two runs in the sixth to go ahead 6-1 as Chris Hudson, Charles Bozeman, Josh Caldwell and Chris Tyson all rapped off base hits, but Enterprise refused to go quietly and cut the lead to 6-3 in the bottom of the frame on a two-run home-run by Hussey.

Keith Grantham tripled to open the seventh inning for Elba, and when Josh Caldwell walked and scored, the Tigers were back in the lead with runners on second and third with no outs.

Both baserunners later scored on an RBI single by Chris Hudson and Charles Bozeman as Elba strided to lead 8-3, and the Tigers easily held on to post the 8-4 win.

Keith Grantham, Michael Grantham and Eddie Cowen got Elba's only hits in the loss.
